

## Locate a Dentist

Use our online dentist directory to find a dentist who practices near your home or work. You can search for a dentist by:

- ◆ City
- ◆ ZIP code
- ◆ Distance from a location
- ◆ Dentist or practice name
- ◆ Dentist specialty and more!

The directory will generate a list of dental offices that match your search and will also provide maps and travel directions to the selected dental office.

*You do not need a referral to receive care from a specialist. However, we strongly encourage you to utilize a participating dentist to maximize your benefit coverage.*
